Piega a valle

Piega a monte

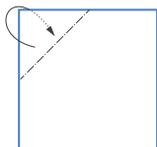

Traccia di piega eseguita

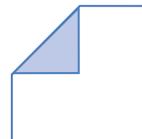

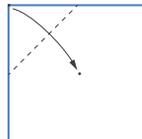

Piega a valle. Portare avanti. Il foglio piegato forma una "valle".

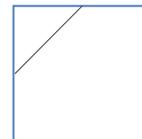

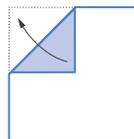

Piega a valle (freccia nera), poi riaprire (freccia bianca). La piega va solo tracciata.

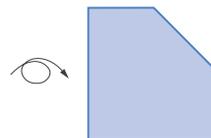

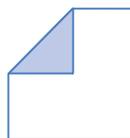

Piega a monte. Portare dietro. Il foglio piegato forma una "montagna".

Portare un punto su un altro punto.

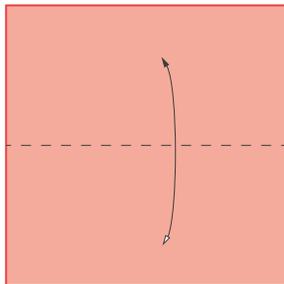

Riaprire una piega già eseguita.

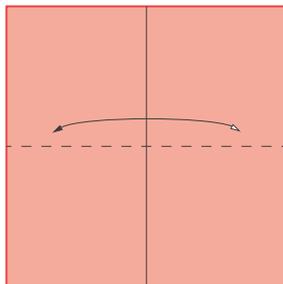

Voltare il foglio, da sinistra a destra.

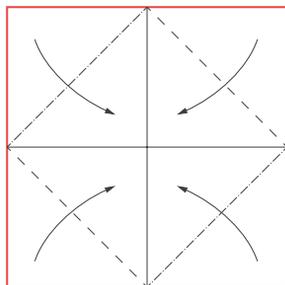

LA GIRANDOLA

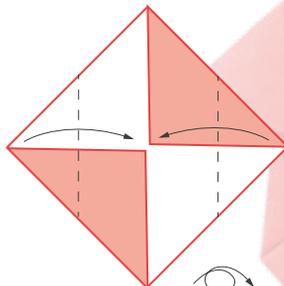

1 Prendete un foglio, piegatelo a metà e riaprite.

2 Piegate a metà anche lungo la verticale e riaprite. Girate il foglio.

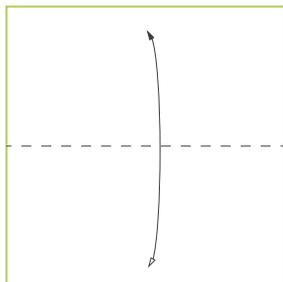

3 Piegate gli angoli verso il centro, due con piega a valle, due con piega a monte, alternati.

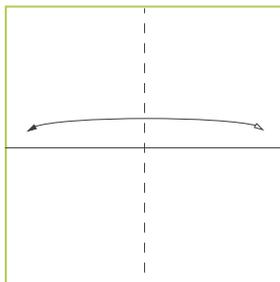

4 Portate i vertici destro e sinistro al centro, piegandoli a valle. Girate il foglio.

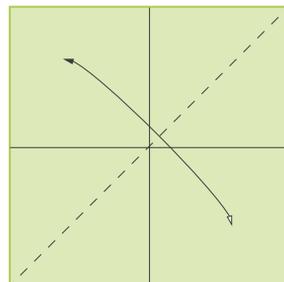

L'ELEFANTE

1 Prendete un foglio, piegatelo a metà e riaprite.

2 Piegate a metà anche lungo la verticale. Riaprite poi girate il foglio.

3 Piegate a valle lungo la diagonale e riaprite.
